Secretary of War Explains  
New Manpower Bill to Senate Committee.

## SEPT. 5 FOR REGISTRATION

Deferred Classes of First  
Draft Are Not to Be  
Invaded.

Washington, Aug. 9.—The enlarged program was explained to the senate military committee behind closed doors today by Secretary Baker, urging enactment as soon as possible for the administration's manpower bill extending draft ages so as to include all men between 18 and 45 years. He said the extension was essential to provide the men needed and the war to a quick conclusion. After completing his statement before the full committee, Secretary Baker was questioned by the subcommittee investigating the airplane situation.

In a brief statement to newspaper men before entering the committee room, the secretary said the order issued yesterday suspending all army and navy enlistments until definite action is taken on the manpower bill does not apply to any person who had been drafted prior to the issuance of the order to enlist or to enter a military training camp.

Mr. Baker was the final witness to appear in connection with the bill and Senator Chamberlain hopes the committee will take up consideration of the measure without delay.

**Invade Deferred Classes.**

Prompt enactment of the draft extension bill so that September 5 may be fixed as registration day, as suggested by President Marshall General order, was urged by Mr. Baker. Without the extension, he told the committee, it would be necessary to invade the deferred classes.

Secretary Daniels discussed with representatives the order stopping enlistments. With 100,000 now at recruiting stations and training camps and another 25,000 at home awaiting call, he said, the navy has an absolute shortage of material. Men enrolled up to yesterday will be accepted, he explained, and these with the 25,000 waiting home will be called to the service when there is room for them in the training camps and stations.

The father came to his end while he and Phillip were struggling for the possession of a 32 calibre Winchester. The two were discharged and the shot struck the father in the face.

Following the shooting, Phillip surrendered at the county jail. His preliminary hearing is scheduled to come up before Superior Judge C. C. Smith, Attorney T. W. Stanfield is representing him.

It was stated Friday that Cornelison's intention has been to swear out warrants against Murdock both in Tennessee and Georgia—in the Cracker state for shooting and carrying a pistol, and in Tennessee for carrying a pistol. Following the shooting, Murdock went to his home on the Tennessee side of Rossville.

In turn, Murdock will probably swear out a warrant against Cornelison, charging him with assault and battery.

## INSTRUCTS BOARDS TO PREPARE FOR NEW DRAFT

Maj. Smith Says Considerable  
Preparation Is Necessary for  
Large Registration.

Orders have been received by the local draft boards from Maj. Rutledge Smith at Nashville to prepare for registering those who come under the new draft, which is supposed to come before congress on Sept. 19. It is expected that this legislation will be passed soon and that those coming under this new draft age will be required to register in the early part of September.

"Such large numbers of registrants requires detailed and extensive preparation and the draft boards will not have enough time to do this after congress passes the act. Everything must be gotten in readiness as soon as possible and ready to be put in action as soon as the president's proclamation is published."

"The actual registration will take place in the customary voting precincts, in the jurisdiction of each local board. Each local board is required to appoint a registrar or registrars for each precinct in its jurisdiction. In the cities of Nashville, Chattanooga, Knoxville and Memphis and in the counties of Davidson, Hamilton, Knox

and Shelby, having more than one local board within their respective jurisdictions, it is desired that a central registration committee be appointed from the members of such boards, whose duty it will be to co-ordinate and supervise generally all preparations for such registration and to direct the activities looking toward a complete registration. For the city of Chattanooga and Hamilton county it is desired that Hon. Foster V. Brown act as chairman of the central registration committee."

Mr. Brown announced that the members of the local boards would meet during the coming week and perfect plans for the coming registration. Registrars will be appointed and the central committee will be selected. Plans will be laid and everything will be gotten in general readiness for the president's call.
